

FK-270

Basic information

Model

FK-270

Engine power

224kw

Engine brand

Cummins

Engine Model

QSL9

Engine Rated Speed

2100r/min

Technical Specification

Engine power:	224kw
Engine brand:	Cummins
Engine Model:	QSL9
Engine Rated Speed:	2100r/min
Overall working mass:	27000kg
Maximum traction force:	143kN
Blade length:	4920mm
Height of shovel blade (chord length):	787mm
Maximum side tilt angle of shovel blade:	90°
Maximum rotary angle of the shovel blade:	360°
Adjustment range of blade cutting angle:	28-70°
Maximum lifting height of shovel blade:	450mm
Maximum shovel depth:	500mm
Tire air pressure of front two wheels:	350kPa
Rear four-wheel tire pressure:	350kPa
Climbing ability:	36%
Maximum steering angle of front wheel:	50°
Maximum tilt angle of front wheels:	17°
Hydraulic system working pressure:	18 Mpa
Vehicle height:	3550mm
Vehicle width:	3100mm
